

**TAKE ON COMMON FIRES WITH CONFIDENCE**

Control the spread of small-scale common fires with Badger’s WP-61-2 water extinguisher. This easy-to-use and economical fire extinguisher is ideal for tackling fires that involve fabrics, wood, paper, trash and other common Class A combustibles often found in office, residential, warehouse and some industrial environments.

The extinguisher features heavy-duty, corrosion-resistant stainless steel cylinder, handle and lever, and chrome plated brass valve construction for long-term, reliable service and low cost of ownership. Large front and rear bilingual instruction nameplates are easy to read and simplify product operation and service. For added utility, the WP-61-2 water fire extinguisher is UL listed as a “Loaded Stream” fire extinguisher. When properly charged using Badger AC-40 potassium acetate loaded stream charge (P/N 00792), this extinguisher is approved for low temperature applications down to -40°F (-40°C).
